## **Earthquake Relief Update**

**01-30-2010**

The earthquake relief effort is going phenomenally. Donations and materials are coming in so fast it is almost overwhelming. Thanks be to God and to you for producing such an outpouring of support for Haiti. Thus far we have collected just under \$30,000.00 and several thousand pounds of medical supplies, personal items, food, and water. On behalf of the survivors of Haiti, I thank you.

Last Saturday we shipped 30 boxes to Pastor Michel of Eben-Ezer Mission. The shipment was mostly personal items (toiletries) but we also included food, water, and some medical supplies. For the exact list and picture, please open the file titled "Shipment to Pastor Michel 01-30-2010." As a way of keeping you informed, the cost of this shipment was \$467.02 to get the 30 boxes to our ministry airline partner in Florida, Missionary Flights International (MFI), and another \$783.00 to fly them to Pastor Michel in Haiti for a total of \$1,250.00. Our shipments go from my hand to MFI and from the hand of MFI directly to our ministry partners. Neither the Haitian government nor any other individual with potentially malicious or selfish motives touch our materials. These materials are critical because Pastor Michel has been asked to house 10,000 evacuees from the Port-au-Prince area. Pastor Michel founded Eben-Ezer Mission over 35 years ago on a few hundred acres of desert land that no one wanted because there was no water to support life. God had other ideas. As soon as Pastor Michel moved onto the land they found a plentiful water supply and have grown a large mission since that time. Pastor Michel has the land space to house the 10,000 evacuees and has partnered with USAID to provide the temporary shelters. Randolph World Ministries, Inc. will be serving alongside Pastor Michel by providing more food, water, and personal items as we are able.

I am planning another shipment of 30 boxes this Saturday to a medical team from a local church who will be serving in Haiti the following week. Since it is a medical team, the majority of the materials will be medical in nature. Randolph World Ministries, Inc. has selected six clinic partners to support during this crisis; three in the south by Port; one in the middle at Gonaives; and two in the north. The plan is to send a shipment of about 30 boxes each week to one of our partners. The partners we plan to serve are listed below:

- 1. Haitian Christian Outreach (HCO)** – Mac Burberry – Three story hospital in Port
  - a. The HCO hospital sustained much damage in the third floor but is operating the other two floors.
- 2. Christianville Clinic** – Dr. Jim and Sandy Wilkins – Clinic one hour west of Port

- a. Near the epicenter of quake – entire missionary compound was destroyed – Still operating the clinic under a temporary shelter – no ministry staff was seriously injured.
3. **Love a Child Clinic** – Carole Stufflebeam – Clinic is one hour east of Port near the DR border – Clinic was unaffected but patient load has doubled from evacuees.
  4. **Eben-Ezer Mission** – Pastor Michel Morisset – Evangelical mission and a medical hospital located about 4 hours north on Port in Gonaives – Eben-Ezer was unaffected but their hospital patient load is higher and they are preparing for the 10,000 evacuees.
  5. **Bethesda Medical Center** – Marcot Vernois – Clinic is located near Cap-Haitian in the north about 7 hours from Port – Not affected by earthquake but clinic patient load has doubled.
  6. **Eben-Ezer Clinic** – Dr. Emmanuel Mareus (Dr. Manno) – the clinic is also in the north by Cap-Haitian about 30 minutes south of Vaudreuil and 6.5 hours from Port – The clinic was unaffected by the earthquake but their patient load has doubled.

We will be sending medical supplies to all our hospital and clinic partners as well as food, water, and personal items to Pastor Michel in Gonaives. We plan to send weekly shipments for a few months then taper off to monthly shipments for at least six months and hopefully for a year. I ask that you prayerfully consider an ongoing partnership with us so we can sustain this level of support for at least six months. Since Randolph World Ministries, Inc. functions exclusively with volunteers and operates out of my house, we have almost no overhead ensuring that nearly 100% of your donations directly serve the people of Haiti.

May God bless your sacrifice,  
Tim
